

Are You Ready?

Evolutionary and atheist groups around the world are gearing up in 2009 to celebrate Charles Darwin's **200th birthday** and the **150th anniversary** of his book *The Origin of Species*—a book that has caused millions to doubt the authority of Scripture.

In response to the increasing barrage of evolutionary propaganda, *Creation Ministries International* (CMI) has launched its own international campaign: **Deconstructing Darwin**. These events, happening worldwide, are designed specifically to equip Christians with answers to refute evolution using logic and cutting-edge science.
